

*The following is a summary of official Minutes of the Conrad Steering Committee taken on June 30, 2016.*

**June 30, 2016**

Research options for removal of the existing dilapidated bridge at Montana Creek.

The Heritage Management Plan to include traditional pursuits such as trapping/hunting/fishing will continue at the site during the winter, there will be no site services during the winter.

Coordinate the development of the day parking at the entrance of the Conrad Historic Site. Will see when this can be done and the cost associated with this.

Decision: all agreed that the group should continue to manage the implementation of the heritage management plan. The steering committee should continue or a management committee be struck to oversee implementation of the heritage management plan.
