

*The following is a summary of official Minutes of the Conrad Steering Committee taken on March 21, 2017.*

The committee discussed :

- The committee would like to have the area cleaned up just outside the gate for day use parking.
- Before putting any trails into the site, trails will be monitored to see where the natural foot trails are going. The Steering Committee will look at development of foot trails at a later date.
- There was a statement made, by a member of the public, that the gravel pit on the south side of Montana Creek is part of the historic site. The Yukon Government Lands department responded, that Lot 1171, on south side of Montana Creek is not a part of the Conrad Historic Site.

Steering Committee discussed and approved

- Site development includes picnic tables, firepit, bear proof garbage container and woodbin at the cove area for day use. The Steering Committee will visit site to establish legacy sites, location of portable toilets, number of picnic tables and firepits
- Benches will be installed along the lakeshore
- YG will provide firepits for CTFN to install
- CTFN will build the picnic tables, woodbins and benches
